To Whom It May Concern:

As the owner of Lifetime Property LLC; and various other entities, I have had the pleasure of working with Fitzgerald Construction, LLC for many years on various projects. Currently, Fitzgerald is working on a commercial retail center in Ocala for one of my entities and two more projects should be underway within the next few months.

For all the completed and projects in process, I am happy to report that the projects went as smoothly as one could hope for. The projects were completed in a timely manner, and within reason to their original budget. They mobilized and started work promptly and did not allow arising issues to impede progress or increase costs.

Communication was always open and forthcoming with all of Fitzgerald's personnel and I was happy to be associated with them. I would certainly recommend them for any future projects and welcome any inquiries.

Sincerely,

David K. Hass  
Managing Member  
Lifetime Property LLC
